

SaaS is vast...

► **125**

Average SaaS Apps per Enterprise*

► **\$1,370**

Annual SaaS Spend per Employee*

► **67%**

of applications being used by employees are unknown by IT*

► **40%**

of SaaS spend is wasted (due to decentralized budgets)*

...but it doesn't have to be!

*Industry standard

Gain Value in 3 Simple Steps

1. Connect

Go-Live in 2 weeks or less

Discover your full breadth of applications via Entra ID, Okta, Defender and/or Salesforce AppExchange.

2. Optimize

Surface usage patterns and savings opportunities

Select and connect applications to gain deeper insights, utilization, on/offboarding, and shadow IT.

3. Manage

Take action to deliver savings based on insights

Immediate visibility and control of your applications including contracts, usage, ownership, and spend.

37.8%
avg. savings with Calero
